

Josh Ross Boiler

ABOUT JOSH ROSS:

UMG Nashville/Universal Music Canada artist Josh Ross is one of Nashville's most promising singer-songwriter-performers. On an unconventional path of his own design, Ross pairs a dark, mellow blast of modern country rock with a warm vocal rasp, heart-on-his-sleeve writing and addictive hooks that respect no borders – genre or otherwise. Pulling influence everywhere from Guns N' Roses and Metallica to country-rock outlaw Steve Earle, the former collegiate football player has leveraged his knack for emotional song craft into a series of Platinum-certified Top 5 Canadian country radio hits. His dusky power ballad "Trouble" rose to #1 in Canada, leading Ross to a CCMA Breakthrough Artist of the Year win. Now breaking through in the US, the rising star has tallied more than 300 million career streams and been hailed as an Artist to Watch by Spotify, Amazon Music, Pandora, *MusicRow*, the Grand Ole Opry and more. Touring alongside hard-rocking superstars like Nickelback, Brantley Gilbert and Bailey Zimmerman, he has already headlined his own sold-out run and will embark on select dates of Luke Bryan's 'Mind of a Country Boy Tour' this summer. Ross will release his new EP *Complicated* on March 29, co-writing seven of the project's eight tracks. With thundering drums meeting steel guitars and the melodies of heartland pop, tracks like his current chart-climber "Single Again" show off Ross' rich, edgy vocal set to a barroom anthem. *Complicated* arrives just five years after Ross arrived in Nashville, proving there's much more to come from this next-generation talent who's anything but standard.
